

Happy Days @ Gulgong
Statement of commitment to Child Safety

At Happy Days @ Gulgong we are committed to the safety, wellbeing and empowerment of all children.

We acknowledge we have a role to play in upholding this right to safety in protecting our children in care.

As Early Childhood Educators we take our role as Mandatory Reporters seriously. Child abuse in any form will not be tolerated and must not happen. Any concerns raised in this regard will be respected and acted on.

We will be responsive to the needs of all children, including cultural safety.

We will ensure that child safety and wellbeing is embedded in our organisational structure and reflected in our Policies and Procedures.

Our hope is for all children to grow up safe, strong and reach their full potential.
